WHAT IS TESL ONTARIO?

Teachers of English as a Second Language Association of Ontario (TESL Ontario) is a Provincial non-profit organization serving the needs of English language training professionals in Ontario.

TESL Ontario consists of more than 4400 language training instructors, teacher educators, volunteers, students, materials and curriculum developers, researchers and administrators who are employed in various settings including, both public and private sectors of elementary, secondary, post secondary and adult ESL learning systems in Ontario.

In its commitment to professional development and advocacy, TESL Ontario addresses the range of competencies, experiences, and issues which influence the success of immigrants, refugees, visa students, and English language learners of all ages.

ANNUAL CONFERENCE

TESL Ontario's 46th Annual Conference will be held at the Sheraton Centre Toronto Hotel on November 1-2, 2018. This event is crucial in providing current education to ESL professionals. A technology fair, a research symposium, daily keynote speakers, combined with in-depth concurrent presentations and workshops provide a variety of educational opportunities for all attendees, while social functions provide networking opportunities. The exhibits offer an opportunity to showcase your latest products, services, publications, software, and teaching tools to members, as well as to expand contacts and networks.

WHY PARTICIPATE?

- Personal interaction with direct influencers, key decision makers, potential buyers and end-users from the English language teaching field
- Showcase your products or services to the right audience; gather information for product/service development
- Network, recruit and build relationships with current and future customers
- Chance to better understand your clients' marketplace opportunities as a result of face-to-face conversations
- Partnership with TESL Ontario and support of the ESL profession.
- Increase your company visibility by positioning your brand with national exposure to 12 local affiliates in one environment

TESL Ontario's Annual Conference is widely anticipated as *the* place to learn about the latest research in the field, attend informative workshops and of course, network. Your product or service will be centre stage - with an audience of over 850 ESL professionals from across Canada, all of whom are interested in discovering and purchasing new materials to increase their effectiveness.

This conference provides the ability to interact with and promote your company's brand directly to ESL educators in a variety of capacities. The role of the educator is not only to instruct their students in gaining language skills, but also to act as a trusted advisor and mentor. Educators are relied upon for providing direction and guidance with many day-to-day needs, while students navigate through a tremendous life transition. Having the opportunity to educate this key group of influencers and make them champions regarding your products, specialized programs and services can result in a large impact on the growth of your business in this sector.

MEDIA EXPOSURE

Past conferences have garnered extensive media coverage including interviews and articles in the following media outlets: Rogers TV, City TV, CP 24, Fairchild TV, Digital News, Yahoo News, Morning Star, Epoch Times, Chilicity.com, Mississauga.com and CanadianImmigrant.ca.
